

Hi Everyone,

I am giving some thought to opening the Agent Onboarding Positions to anyone who is willing to pay the fees. \$175 monthly for the software and \$100 per MLS you would like data for. The \$175 fee will include an advanced phone line for calls and text messaging and a company email.

I will provide you all the phone numbers and names for everyone who has sold more than 4 houses in the last 12 months in your MLS. I will be spending the money to hire people to upload this into our software so that you can text message 100 people at a time. This will be expensive, but I will absorb the cost and keep the information updated if you are producing.

The pay rate is \$250 per agent you bring into AGR. If you bring in 10 agents a week which I have done on my own while overseeing the company this will amount to about \$130,000 annually. I feel this is very realistic for someone who is personable and can answer questions about what we offer.

There will be some admin work involved. ie: add to our back office, add to our website, send a welcome email, file agent package away into your shared drobox folder, see that they are transfered with the Real Estate Commission and their MLS, enter information into an excel spreadsheet.

Please send me a text at 844-553-5557 and let me know what you think.

Chris
